WHAT THE TIME SHEET SHOWS

WIRELESS FROM TAMALPAIS

(Associated Press Cable to The Star).

SAN FRANCISCO, August 10 .- A wireless station is being erected on Mount Tamalpais, to establish communication with Hawaii,

PORTSMOUTH, N. H., August 10.-The Japanese peace envoys have handed to the Russlans a statement of the Japanese peace terms, in writing. An answer will be given soon. It is reported that Japan's demands include the evacuation of Manchuria, 'he cession of Saghalien Island, an indemnity of a billion dollars and the surrender of Vladivostok. It is understood that M. De Witte is now willing to agree to surrender the rallway between Harbin and Port Arthur, and to grant reasonable financial demands of Japan, if Russia is permitted to retain Saghalien.

DE WITTE WEAKE

ST. PETERSBURG, August 19 .- It is understood that Minister De Witte the chief Russian plenipotentiary at the Peace Conference with the Japanese representatives at Portsmouth, is now willing to agree that 'Russia shall surrender the railway between Harbin and Port Arthur and to grant as may be seen, was to place an "o" shall surrender the railway between Harbin and Port Arthur and to grant as may be seen, was to place an "o" on each man's account for the working Saghallen island recently captured by the Japanese forces.

YELLOW FEVER ON THE INCREASE.

-0--

NEW ORLEANS, La., August 10 .- The ravages of the yellow fever are increasing. Sixty-three new cases have been reported today. Archbishop Chappelle who died of the fever, is now lying in state.

EMPLOYEES' TIME

A SPECIMEN OF THE TIME SHEET IN THE GARBAGE DEPARTMENT SHOWING HOW KEANU CAME TO BE CREDITED WITH SUN-DAYS AND HOLIDAYS-FROM THIS TIME SHEET THE PAYROLLS FOR THE DEPARTMENT WERE MADE UP.

The time sheet of the garbage and terests of Sam Johnson and will keep excavator service payroll for July is in watch of what is done.

the form of a daily record, as shown is the accompanying table. There were men on the payroll, at the rate of \$45 per month, and their credits were figured out by 'docking' them for the legal "working days" on which they did not work. The rate of \$45 per month, divided into the 31 day of July, Sundays and holidays included, made about \$1.45 per day. If instead of dividing the month this way it had been divided by its 26 actual working days, the men would have received \$1.73 for each day of actual labor, which would have come to very nearly the same thing. The system followed in making up the sheet days he missed and deduct the number of such days from 31, crediting him with all the rest. Under this plan, in-stead of getting \$1.73 for each day's actual work, he got \$1.45 for each day he was on the payroll, Sundays and the Fourth of July included. The men are regular salaried men of the department, placed practically on half shift because there were not funds to keep them all on full time.

The entire table contains thirty-seven names. The nine given in the portion should have been. The new power is of the table published herewith are needed to allow the plantation to go samples showing the different ways the ahead with work that it should have been permitted to do in the first place." Keanu, the man who is stated to have Keanu, the man who is stated to have received credit for seven Sundays, is among them. His account shows like the rest, that his days of nonworking on legal working days were deducted Like the rest who were on for the ful nonth, he received the benefit of the five Sundays and the Fourth of July The man who appears the best on th payroll in the matter of getting Sun days is S. Kalolena, who got all five garbage office it was explained that he was a regular employe and did not lay off himself, but was shifted as the gangs changed. Keanu, it was stated. worked several extra days during the
